

ClientToScreen

Description

Converts the coordinates from a control's client space to screen space.

Syntax

```
rv = Form_Services("ClientToScreen", CtrlEntId, MousePoint, Offset)
```

Parameters

Parameter	Description
<i>CtrlEntId</i>	The control to which MousePoint is relative.
<i>MousePoint</i>	Location of mouse cursor in the format "x,y".
<i>Offset</i>	Optional amount to offset final result.

Version

16.0.18
