HeaderText

A header cell's data.

Usage

```
Set_Property(OLECtrlEntID, "OLE.HeaderText[col; row]", Text)
```

Values

Text can contain anything. For example: The Header Caption

Default: ""

Indices

Index	Description
col	Index to an existing header column
row	Index to an existing header row

Remarks

The HeaderText property allows you to get and set a header cell's text.
