Alignment

The caption's alignment within the hyperlink's bounds.

Usage

```
Set_Property(OLECtrlEntID, "OLE.Alignment", Array)
```

Values

Array has the following structure:

Pos	Name	Type	Description	Default
<1>	Vertical Alignment	Option	Aligns the caption vertically: top, center, or bottom of the control	Center
<2>	Horizontal Alignment	Option	Aligns the caption horizontally: Left, Right, or Center of the control	Left

Remarks

The Alignment property aligns the caption along any edge of the control. This multivalued property has two fields: vertical alignment and horizontal alignment. Possible values for vertical alignment are:

Value	Abbr.	Description
Top	T	Places caption along the top of the control
Center	C	Places caption in the vertical center of the control
Bottom	B	Places caption along the bottom of the control

Possible values for horizontal alignment are:

Value	Abbr.	Description
Left	L	Places caption along the left side of the control
Center	C	Places caption in the horizontal center of the control
Right	R	Places caption along the right side of the control

The following example demonstrates top-left alignment:

Example

```
// Align the caption along the control's top left sides
Set_Property(@Window:".OLE_HYPERLINK", "OLE.Alignment", "Top":@FM:"Left")
```
