

CaptionOffset

The caption offset within the control's bounds.

Usage

```
Set_Property(OLECtrlEntID, "OLE.CaptionOffset", Array)
```

Values

Array has the following structure:

Pos	Name	Type	Description	Default
<1>	Vertical Offset	Integer	Offsets the caption down a given number of pixels	0
<2>	Horizontal Offset	Integer	Offsets the caption right a given number of pixels	0

Remarks

The CaptionOffset property offsets the caption by a given number of pixels. This multivalued property has two fields: vertical offset and horizontal offset. Each offset is an integer value. Positive values will move the caption right and down while negative values move the caption up and right.

The offset is applied after the caption is positioned according to the [CaptionAlignment](#) is set.

Example

```
// position the caption 10 pixels from the top left
Set_Property(@Window:".OLE_PICTURE", "OLE.CaptionAlignment", "Top:@FM:"Left")
Set_Property(@Window:".OLE_PICTURE", "OLE.CaptionOffset", "10:@FM:"10")

// position the caption 10 pixels from the bottom right
Set_Property(@Window:".OLE_PICTURE", "OLE.CaptionAlignment", "Bottom:@FM:"Right")
Set_Property(@Window:".OLE_PICTURE", "OLE.CaptionOffset", "-10:@FM:"-10")
```
