

ColumnFooterAlignment

The alignment of the column's footer.

Usage

```
Set_Property(OLECtrlEntID, "OLE.ColumnFooterAlignment[col]", OptionValue)
```

Values

OptionValue can be set to one of the following valid options:

Value	Abbr.	Description
Left	L	Aligns contents to the left
Center	C	Aligns contents in the center
Right	R	Aligns contents to the right

Default: Left

Indices

Index	Description
col	The index to a column in the report table

Remarks

The ColumnFooterAlignment property determines the alignment of the column's footer. It does not affect the alignment of the column's header or data. For those, use [ColumnHeaderAlignment](#) or [ColumnAlignment](#) respectively.

Example

```
// Center align the third column's footer
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.ColumnFooterAlignment[3]", "Center")
```
