

# ColumnHeaderAlignment

The alignment of the column's header.

## Usage

```
Set_Property(OLECtrlEntID, "OLE.ColumnHeaderAlignment[col]", OptionValue)
```

## Values

*OptionValue* can be set to one of the following valid options:

Value	Abbr.	Description
Left	L	Aligns contents to the left
Center	C	Aligns contents in the center
Right	R	Aligns contents to the right

**Default:** Left

## Indices

Index	Description
col	The index to a column in the report table

## Remarks

The ColumnHeaderAlignment property determines the alignment of the column's header. It does not affect the alignment of the column's footer or data. For those, use [ColumnFooterAlignment](#) or [ColumnAlignment](#) respectively.

## Example

```
// Center align the first column's header  
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.ColumnHeaderAlignment[1]", "Center")
```
