

ColumnTooltip

The column's tooltip to appear when hovering over its header.

Usage

```
Set_Property(OLECtrlEntID, "OLE.ColumnTooltip[col]", Text)
```

Values

Text can contain anything.

Default: ""

Indices

Index	Description
col	The index to a column in the report table

Remarks

The ColumnTooltip sets the text to appear when the user hovers over the column's header with the mouse.

Example

```
// Set the tooltip for column 4
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.ColumnTooltip[4]", "This is a test tooltip.")
```
