

# EmptyTablePrompt

The prompt that appears when the table has no items.

## Usage

```
Set_Property(OLECtrlEntID, "OLE.EmptyTablePrompt", Text)
```

## Values

*Text* can contain anything.

**Default:** "There are no items to show."

## Remarks

The EmptyTablePrompt property can be used to customize the text that appears when the table contains no data.

## Example

```
// Let the user know why the table is empty
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.EmptyTablePrompt", "No items have been assigned to this invoice.")
```
