

# VerticalGridStyle

The style of vertical grid lines.

## Usage

```
Set_Property(OLECtrlEntID, "OLE.VerticalGridStyle", OptionValue)
```

## Values

*OptionValue* can be set to one of the following valid options:

Value	Description
None	No vertical grid lines
DotSmall	Vertical grid lines composed of small dots
DotLarge	Vertical grid lines composed of large dots
Dash	Vertical grid lines composed of dashes
Solid	Solid vertical grid lines

**Default:** None

## Remarks

The VerticalGridStyle property establishes the how vertical grid lines are rendered. By default, this is set to "None", which means there are no vertical grid lines. If you want to add vertical grid lines, set this to one of the other options such as "Solid". This property only affects vertical grid lines. To change horizontal grid lines, use [HorizontalGridStyle](#).

## Example

```
// Add solid vertical grid lines
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.VerticalGridStyle", "Solid")

// Use dashes for vertical grid lines
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.VerticalGridStyle", "Dash")
```
