

ImageList

All the images used by the report table.

Usage

```
Set_Property(OLECtrlEntID, "OLE.ImageList", Value)
```

Values

Value has the following @FM structure:

Pos	Name	Type	Description	Default
<1>	Image Path	Formatted String	The path to the image file	""
<2>	Frames	Integer	The number of frames into which the bitmap is to be divided	1
<3>	Transparent Color	Formatted String	The color within the bitmap not to be drawn. Use "Auto" to designate the top-left most pixel color	Auto

Remarks

The ImageList property allows you to set an image containing all images used in the control. For more information on image types, transparent colors, and frame counts see the [Image](#) documentation.

Example

```
Set_Property(@Window:".OLE_REPORTTABLE", "OLE.ImageList", "c:\reportimages.bmp":@FM:4:@FM:"Auto")
```
