# SRP_DateTime Combine

Combine's a date and a time into a datetime.

```
Datetime = SRP_DateTime("Combine", Date, Time)
```

## Returns

An OI datetime.

## Parameters

| Parameter | Description |
|---|---|
| Date | A date in OI's internal format. **(REQUIRED)** |
| Time | A time in OI's internal format. **(REQUIRED)** |

## Remarks

The "Combine" service converts an OI date and OI time into an OI datetime. If either *Date* or *Time* are invalid, then "" is returned.

## Examples

```
// Combine today's date with the current time
Datetime = SRP_DateTime("Combine", Date(), Time())
```
