

# SRP\_DateTime Combine

Combine's a date and a time into a datetime.

```
Datetime = SRP_DateTime("Combine", Date, Time)
```

## Returns

An OI datetime.

## Parameters

Parameter	Description
Date	A date in OI's internal format. <b>(REQUIRED)</b>
Time	A time in OI's internal format. <b>(REQUIRED)</b>

## Remarks

The "Combine" service converts an OI date and OI time into an OI datetime. If either *Date* or *Time* are invalid, then "" is returned.

## Examples

```
// Combine today's date with the current time  
Datetime = SRP_DateTime("Combine", Date(), Time())
```
