

SRP_FastArray Clear

Removes all values from an SRP Fast Array.

 Added in 2.1.10

Syntax

```
SRP_FastArray("Clear", Handle)
```

Parameters

Parameter	Description
Handle	Handles to an SRP Fast Array to be cleared. (REQUIRED)

Remarks

The Clear service removes all values in an SRP Fast Array.

Examples

```
// Create a couple empty fast arrays
Handle1 = SRP_FastArray("Create")
Handle2 = SRP_FastArray("Create")

// Insert some stuff into them
SRP_FastArray("Insert", Handle1, 1, 2, 0, "ABC":@SVM:"DEF")
SRP_FastArray("Insert", Handle2, 2, 0, 0, "EFG")
SRP_FastArray("Insert", Handle1, 3, 1, 7, "HIJ")

// Convert them into BASIC+ variables
Array1 = SRP_FastArray("GetVariable", Handle1)
Array2 = SRP_FastArray("GetVariable", Handle2)

// Clear them, who knows why?!
SRP_FastArray("Clear", Handle1)
SRP_FastArray("Clear", Handle2)

// Release both of them
SRP_FastArray("Release", Handle1:@FM:Handle2)
```
