

SRP_Get_Uilities_Version

Gets the current version of SRP Utilities.

Added in 2.1.10

Syntax

```
Result = SRP_Get_Uilities_Version()
```

Returns

The current version of SRP Utilities.

Remarks

The SRP_Get_Uilities_Version method returns the current version of SRP Utilities. Specifically, it gets the FILEVERSION property of SRPUtilities.dll.

Example

```
// Get the current version of SRP Utilities  
Version = SRP_Get_Uilities_Version()
```
